

BMO Private Wealth Client Presentation 2022, Getting Back to Normal?

Thursday, November 4 | 4:00 p.m. ET

BMO Private Wealth

Stocks have been on a tear for most of 2021, but have begun to show some signs of weakness as inflation concerns build and central banks are now considering reducing stimulus. As the U.S. Federal Reserve and the Bank of Canada start gradually turning to a tighter stance, will we see increased volatility in equity and bond markets?

To provide perspective on the topic, BMO Private Wealth is hosting a client presentation – available as either a WebEx presentation or a conference call.

Speakers

Hosted by **Sandra Henderson**, Regional President, GTA Region, BMO Private Wealth, the event features **Douglas Porter**, Chief Economist and Managing Director, BMO Financial Group, and **Stéphane Rochon**, Managing Director, BMO Nesbitt Burns Portfolio Advisory Team, who will share their insights on the subject.
